# Publication and IP Mandates for TCS Research Scholars
## Declaration Form

- TCS Foundation must be duly acknowledged as a sponsor of the TCS Research Scholar Program in all publications arising out of the work by the scholar during the Fellowship period.
- The work of the TCS Research Scholar can be submitted for publication only after intimating the TCS Foundation in writing, 30 days in advance.
- If the TCS Foundation recommends filing intellectual property applications, the Institute is expected to take steps to file this before releasing this publication.
- The student may not work towards deliverables in other sponsored projects which conflict the above requirements.
- Scholar's conduct through the Fellowship period must be in conformance with the overall principles and ethics of the Tata Code of Conduct (currently available at https://www.tata.com/about-us/tata-code-of-conduct) in addition to all requirements of the Institute.
- If selected, the student cannot take on any other **paid** internship/fellowships/ project work.
- The student may be nominated only if the above is acceptable.

---

**The below signatories consent to the above mentioned clauses**

_____
